Reasons for Allowance

1. The present claims are deemed allowable over the references of record since the references of record fail to disclose or render obvious prior to the perfected priority date of the as-filed application.

While the valid prior art of record disclose master information carriers with "surface roughness", Ra, values within applicants' claimed numerical range of 0.3 to 10.0 nm, the valid prior art of record fail to teach or suggest a *center plane mean surface roughness SRa* meeting applicants' claimed limitations and it is not deemed obvious or anticipated that a "surface roughness", Ra, meeting the claimed numerical range would necessarily or inherently result in a SRa meeting the claimed numerical range.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner's Comments
